1.3.1 (QIM) Institution integrates cross cutting issues relevant to gender, environment and sustainability, human values, health determinants, right to health & emerging demographic issues and professional ethics into the Curriculum prescribed by the university.

To nurture our students with respect to all below given issues the Institute implements the following activities in line with the curriculum and social issues.

GENDER

Gender includes civility in terms of opportunities, obligation, rights and benefits for students and society. **VISHAKHA COMMITTEE** implemented to resolve the matter related to the females: Equal opportunities are given to every member of the institute to participate in various activities and college events etc. irrespective of gender. **Curriculum of the courses like Anatomy, Medicine, FMT, OBGY etc. includes the cross cutting issues related to gender**

ENVIRONMENT AND SUSTAINABILITY

As a responsible citizen we must consider the ill effects of environmental degradation. For this purpose awareness in the students we conduct various programs to fulfill the above need eg. Tree plantation, Swachhata Abhiyan etc activities. and also conducting field visit like water purification plant, sewage treatment, dairy farm, etc

HUMAN VALUES

Ethics and values makes an individual aware that their choices have consequences, both for themselves and others. Thus, ethics and values build credibility, leadership skill, improves decision making and provides long term gains. our Institute conducts the following events. e.g. seminar by Jeevan Vidya Foundation , motivational speech, seminar and rally related to organ donation, AIDS Rally etc so that they should understand the human values and should be able to respect themselves as well as others.

HEALTH DETERMINANTS

The range of the behavioral, biological, source of economic and environmental factors that influence the health state of an individual & population. To fulfill the above points we conduct various health checkup camps, routine investigations etc and students also participate in all these programs. They are trained for such activities so that they can train for society. Institute also takes care of students' health by routine investigation every year.

RIGHTS TO HEALTH

Our institute provides the best health facilities to our students like pure water supply, good ventilated classrooms, restrooms, boys hostel and girls hostel with good quality food and medical services at free of cost. etc. for the community our institute organizes different free health checkup camps, health surveys at villages in the periphery,

EMERGING DEMOGRAPHIC ISSUE

The basic emerging issues are poverty, malnutrition, food and water related issues and other social and cultural problems Our institute implements different students welfare schemes provided by MUHS for needy students e.g. Savitribai Phule scholarship, Vidhyadhan yojana , Kamava va shika yojana etc. During epidemics

PROFESSIONAL ETHICS

Etiquette and ethics regulations are taught to the student during their academics. They observe these practices during their clinical postings in hospitals so that they should respect their noble profession and follow all the Etiquette and ethics in their practice in future life. Medical students takes Hippocratic oath and in homeopathic college we take Hahnemaninan oath after academic completion.
