FEEDBACK ACTION TAKEN REPORT ON CURRICULUM ACADEMIC YEAR 2018-2019

The following table shows various suggestions demand and improvements about curriculum by the students. The institution tried to fulfill those things, it has been shown in the action taken column.

SUBJECTS	STUDENT FEEDBACK	ACTION TAKEN
I yr		
ANATOMY	Students get difficulty in AIM and OBJECTIVE of Anatomy	Teachers have taken proper session to make understand the students problem and clear the doubt
PHARMACY	Students get difficulty in updating curriculum on time.	Teachers have been looked upon the students difficulties
PHYSIOLOGY	Students gets difficulty in understanding the co-curricular and extra curricular activities	Teachers make them understood satisfactorily by providing proper sessions to them.
II yr		
HMM	Student doesn't find that curriculum supports higher learning.	Teachers tried to make them understood for the same.
ORGANON	Students get difficulty in understanding the aims and objective of Anatomy	Teachers have taken proper session to make understand the students problem and clear the

		doubt
PATHOLOGY	Students get difficulty in AIM and OBJECTIVE of PATHOLOGY	Teachers have taken proper session to make understand the students problem and clear the doubt
FMT	Students doesn't find that the entire syllabus is covered in class	Teachers tried to clear the doubts n syllabus of students
HMM-	Student doesn't find that curriculum supports higher learning	Teachers tried to make them understood for the same.
III yr		
OBGY	Students unable to understand the opportunities for pursuing academic enhancement activities	Teachers have taken step forward to make then understood about the opportunities they have in academics.
HMM	Students unable to understand the opportunities for pursuing academic enhancement activities	Teachers have taken step forward to make then understood about the opportunities they have in academics.
SURGERY	The curriculum which is displayed on college website and explained during orientation programme, student has some doubts still in understanding.	Teachers taken proper session to make them understand properly.
ORGANON	Students doesn't find that the entire syllabus is covered in class	Teachers tried to clear the doubts n syllabus of students.
IV yr		
MEDICINE	Student doesn't find that curriculum supports higher learning	Teachers tried to make them understood for the same.
REPERTORY		

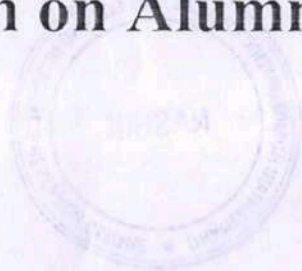

HMM	Students unable to understand the opportunities for pursuing academic enhancement activities	Teachers have taken step forward to make then understood about the opportunities they have in academics
ORGANON	Students doesn't find that the entire syllabus is covered in class	Teachers tried to clear the doubts n syllabus of students.
PSM	Students unable to understand the opportunities for pursuing academic enhancement activities	Teachers have taken step forward to make then understood about the opportunities they have in academics.
