NSS 7 DAYS SPECIAL CAMP
FIRST DAY ACTIVITY—TREE PLANTATION
BATCH –A & BATCH B
ACTIVITY—TREE PLANTATION
DATE—27 TH JANUARY 2023
VENUE—AT DHUMANE LAWNS AREA

ACTIVITY—

We, 3rd year BHMS students started our journey from Nashik to Dhumane lawns by bus.

We arrived at Dhumane lawns around 11am.

After taking breakfast, Dr.Seema Patil madam guided us about tree plantation. She also told us the areas where to plant the trees.

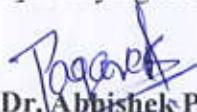

There were 20 plants available for tree plantation. Plants include rose, periwinkle, sunflower, guava, papaya, hibiscus etc.

We divided ourselves into two groups. We also divided our work like few boys were going to dig for tree plantation, few girls were going to remove the sand from small pit. Few girls were going to sprinkle the water to plants.

All the students enjoyed this activity very much.

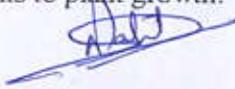

Benefits of tree plantation---

- 1] Trees regulate the water cycle of earth.
- 2] Trees provide vital habitat for wild life.
- 3] Trees prevent soil erosion.
- 4] Trees prevent the noise pollution.
- 5] A diverse range of birds, insects& mammals have adapted to their environment over centuries. They are completely reliant on trees &forests.
- 6] Trees contribute to their environment by providing lot of pure oxygen& thus improve air quality.
- 7] During the process of photosynthesis, trees taken in carbon dioxide & produce oxygen for breathing.
- 8] Trees can reduce air temperature evaporating water & absorbing carbon dioxide & blocking sunlight.
- 9] Decaying leaves promote growth of soil microorganism & provide nutrients to plant growth.

NSS 7 DAYS SPECIAL CAMP
SECOUND DAY ACTIVITY—CLEANLINESS PROGRAMME
BATCH A
VENUE—VANARWADI, TALUKA—DINDORI, DISTRICT—NASHIK

DATE—28 TH JANUARY 2023

TOUR IS ABOUT—CLEANLINESS PROGRAMME

ACTIVITY— 28 th January 2023,we ,the students of 3rd year BHMS from Dhanavantari Homeopathic Medical College,Nashik had gone to village, Vanarwadi. Mr.RahulGangurde was there to guide us about village.

GramsevakMr.SamadhanShewale guided us about which area of village to clean.Then, we divided our group into three subgroups.

One group went for primary school of Vanarwadi to clean it.Secound group went to panchayatoffice& Vitthal –Rakhumai temple to clean it.Third group went to clean anganwadi.

We went to primary school ofVanarwadi& met the principle & told him our purpose of coming here& cleaned the school under his guidiance.During cleanliness programme, we collected plastic bottles,plasticpapers,etc.All these waste materials were disposed into dustbins.

After completing the cleanliness programme in school, all the children of the school gathered in school ground.One of the NSS student gave a beautiful speech on importance of cleanliness in front of children.

At the same time, another group cleaned the panchayat office. Here,students collected stones which were scattered around panchayatoffice.Students also collected plastic papers & plastic bottles & disposed in dustbin.After this activity,students swept the temple.Some of students of this group removed grass around the temple& disposed it properly.

Third group visited anganwadi.Anganwadi teacher MrsLalitaDeshmukh told us which area to clean.Students collected waste plastics,plasticwrappers ,plastic papers & disposed it into dustbin.Then,students collected pieces of glass bottles & disposed it properly.After completing this activity, we intereacted with anganwadi teachers about cleanliness & importance of cleanliness.

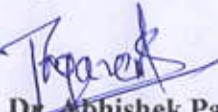

BENEFITS OF CLEANLINESS—

- 1] Cleanliness gives a fresh & good look to our confidence.
- 2]Cleaning the environment automatically boost our self confidence.
- 3]Cleanliness prevents dangerous infectious disease by keeping away microbes,germs& mosquitos etc.
- 4]Cleanliness reduces the entry of rats,cockroaches& other insects.
- 5] Cleanliness is a habit & a social responsibility.
- 6]A clean environment in school contributes to a healthy environment for students to learn.
- 7]Cleanliness is essential for healthy & disease free living.
- 8]Good personal hygiene is one of the best ways to protect oneself from getting villness.

9] Cleanliness is a habit of maintaining our body, home & surroundings neat & clean.

10] Cleanliness is needed for environment & progress of the nation.

NSS 7 DAYS SPECIAL CAMP
THIRD DAY ACTIVITY-SURVEY

BATCH A

VENUE-VANARWADI, TALUKA-Dindori, District-Nashik

DATE—29TH JANUARY 2023

TOUR IS ABOUT—SURVEY

For survey, we gathered at front gate of DhumaneLawns.Dr. Abhishek S Pagare gave us valuable instructions for the survey. Then, we went to Vanarwadi.

We started our survey from the entrance of the village itself. First of all we introduced ourselves and explained the purpose of our visit. After that, we started collecting their names. Then other information was collected which includes, age of family members their mobile numbers, address, then whether they have hypertension or not, also diabetes heart disease, TB, Asthma, etc. Recorded whether or not. We checked people's hands and eyes for Anemia. Those who had history of heart disease were examined by stethoscope. We also used a thermometer if there is fever. After this, information was collected whether the members of the family have been vaccinated or not. Finally, we took their signs and gave them a brief idea of the next activity and gave information about the location, time & date of camp.

We collected all this information by dividing the group into small subgroups. Like, two students in each house went to collect information. In this way we collected all the information.

BENEFITS OF SURVEY

- 1] Health surveys provide specific information about the epidemiological situation, health trends, life habits, and the use of health services from the patients point of view.
- 2] One of most notable benefits of surveying patients is simply letting them know you're listening to them.
- 3] Health survey will help us to identify your strengths.
- 4] Health survey is helpful to improve performance.
- 5] Health survey provide specific information about the epidemiological situation, health trends, life habits & use of health services from patients point of view.
- 6] A health survey is a tool used to gather information on the behavior of a specific group of people from a determined area.
- 7] It is helpful to guide planning of national regional or local health programs.
- 8] Performing patient surveys is the perfect opportunity for providers to identify potential shortfalls in the health care experiences they deliver.

NSS 7 DAYS SPECIAL CAMP
FOURTHDAY ACTIVITY-FREE SCHOOL HEALTH CHECK UP
BATCH A
VENUE-PRIMARY SCHOOL OF
VANARWADI, TALUKA-Dindori, District-Nashik

DATE—30THJANUARY 2023

TOUR IS ABOUT—FREE HEALTH CHECK UP SCHOOL CAMP

ACTIVITY—

On 30th January 2023, our activity was to visit the school & conduct a free health check up of school children. For this activity, we reached primary school ,Vanarwadi. We talked to principal of primary school of Vanarwadi.Mr.RahulGangurde helped us to arrange the tables & chairs properly.

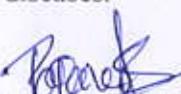

We contacted anganwadi teacher Mrs .LalitaDeshmukh& gave her an idea about the camp.Campstarted in an area of school premises.

The camp was conducted under the supervision of Dr.ManishaPatil&Dr.SnehalKapadnis. We did health check up of children between 1st std to 5th std. Health check up mainly include preliminarydata,pasthistory,familyhistory,presentingcomplaints, clinicalexamination,diagnosis& prescription.

We examined total 83 students in this health check up. Common health complaints which we found were cold &cough,dryskin,white spots on face, anemeia.

BENEFITS OF HEALTH CHECK UP CAMP—

- 1]Regular health check ups will help the person to prevent illness & its complications.
- 2] A regular health check up can save our money.
- 3] Health check up camp provides free & high quality medical services for these poor population.
- 4] Camps make sure people are getting health care at right time.
- 5]By taking regular health check ups ,there is possibility of early detection of life threatening diseases.

NSS 7 DAYS SPECIAL CAMP
THIRD DAY ACTIVITY—SURVEY
BATCH – BATCH B
ACTIVITY—SURVEY
DATE—29 TH JANUARY 2023
VENUE—MADAKI JAMB VILLAGE

ACTIVITY—

We [batch—B] had done the survey in Madaki Jamb village. It was 3rd day of NSS camp..Batch B is divided into 6 groups by Dr.Abbishek S Pagaresir. Each group went for survey in different areas of village. Division of students into small groups made us easy for the survey.

Then, we had printed survey form which made us easy to collect the information.Members of different groups went to different houses to collect information.Insurvey, we collected following information which included---

- I] Name of patient
- II] Age/sex
- III] Address
- IV] Literate/Illiterate
- V] Contact no.
- VI] And some of the clinical conditions include—

- 1) Hypertension
- 2) Diabetes Mellitus
- 3) Heart disease
- 4) Anemia
- 5) Tuberculosis/Asthma

Survey form also includes – information about vaccination—whether the person is vaccinated or not vaccinated.

People of village were very co-operative during our survey. During this survey, we came to know different—different health complaints. We also came to know that many children were anemic.

Most common complaints, which we came to know during survey, were Hypertension, Anemia, DiabetusMellitus, and eye complaints.

Old age people were suffering from joint pains.

After gathering valuable information, of about people of village, we also told them about the free school health check up & free general health check up in upcoming 2 days in that village. We had told them about medicines will be given in general health check up camp.

BENEFITS OF THE SURVEY---

- 1] It gives information about sufferings of people.
- 2] Survey also helped us that, how to start conversation with the patient.

- 3] During the survey, we can also identify our strengths & drawbacks.
- 4] Taking repetitive surveys enhances potential & experiences in health care.
- 5] Surveys can yield a great range of data & researchers can use this information for research.
- 6] Numerous questions can be asked about a subject, giving extensive flexibility in data analysis.
- 7] Conducting surveys are cost effective.
- 8] Survey made it easy to diagnose the disease.

Following patient we seen in the survey ,

NSS 7 DAYS SPECIAL CAMP
Fourth DAY ACTIVITY—SCHOOL HEALTH CHECK UP
BATCH -- BATCH B
ACTIVITY—SCHOOL HEALTH CHECK UP CAMP
DATE—30TH JANUARY 2023
VENUE—AT PRIMARY SCHOOL OF MADAKI JAMB
TOUR IS ABOUT—FREE SCHOOL HEALTH CHECK UP CAMP

ACTIVITY—

On 30th January 2023, we took free health check up camp at primary school of Madaki Jamb. In morning, we went to that school & met principle madam Mrs. Chaaya Patil of school.

We requested madam for permission of free health check up of school.

The camp was conducted in school premises.

In camp, we examined children from 1st std to 7th std. Our data includes height, weight, presenting complaints [if present], past history, personal history, family history, clinical examination, diagnosis & prescription. We found out mainly cough, coryza, dry skin, white spot on face, stomachache, vomiting etc. in this health check up.

We checked 154 children in this health check up..

Benefits of free health check up---

- 1] It helps doctors to evaluate properly the functioning of various organs of our body like liver, kidney, heart & thyroid.
- 2] It helps in identification of skin related diseases & addresses them right away.
- 3] It provides free medical advice, medicine to the unfortunate people & refers for specialized treatment or surgery whenever required.
- 4] Camp makes sure people are getting health care at right time.
- 5] Regular health checkups will help us to reduce risk of potential health ailments & prevent the cost of surgery or any complications.

NSS 7 DAYS SPECIAL CAMP
FIFTH DAY ACTIVITY—GENERAL MEDICAL CAMP
BATCH – BATCH B
ACTIVITY—GENERAL MEDICAL CAMP
DATE—31ST JANUARY 2023
VENUE—AT MARUTI MANDIR OF MADAKI JAMB
TOUR IS ABOUT—CONDUCTING GENERAL MEDICAL CAMP

ACTIVITY—

We [BATCH B] Visited to Madaki Jamb village for general medical camp..After reaching village, Dr.Abbishek S Pagare contacted upsrpanch of Madaki Jamb Mr.Anil Wadase.Then; Mr.Wadase arranged some chairs & tables for medical camp at Maruti Mandir.

Some of students had placed tables & chairs properly.We divided our group into many subgroups.One group of students were taking blood pressure of every patient. One subgroup of students were taking weight of patients.One subgroup of students were taking case of patients.

One sub group of students were dispensing medicines.

During this medical camp , we came across many patients who were suffering from anemia,skindisease,joint pains &opthalamic complaints.

Some of the people visited this camp only for general health check up.Dr.Abbishek S Pagare sir &Dr.RutaPatharkar madam guided us throughout the camp.

All the people of Madaki Jamb were very happy to see that ,this free medical camp was organized in theirvillage.All students were also very enthusiastic throughout the camp.

Benefits of medical camp---

- 1] It provides free medical advise to the people.
- 2] It also provides medicines to unfortunate people.
- 3] This camp makes sure that people are getting health care at right time.
- 4] It can be considered as a life saving programme.
- 5]It reduces the risk of people of getting sick.
- 6] It detects potentially ,life threatening health conditions or diseases in early stages.
- 7]It increases chances for treatment & cure.
- 8]It helps to reduce stress & anxiety of people about disease& health problems.
- 9]Regular camps will reduce the financial burden that people may experience when trying to access health services.
- 10]Medical camps provide the poor population overall physical examination which includes eyes & health check up, assessment of the functioning of vital organs like heart, kidney, lungs, digestive system, liver.

NSS 7 DAYS SPECIAL CAMP
SIXTH DAY ACTIVITY—SPEECH
BATCH – BATCH B
ACTIVITY—SPEECH
DATE—1ST FEBRUARY2023
VENUE— MADAKI JAMB VILLAGE

TOUR ISABOUT—Giving speech about health &hygiene, female education, hazards of addiction

ACTIVITY--

We [BATCH B] students visited Madaki Jamb village for giving speech on health &hygiene, female education & hazards of addiction. At Madaki Jamb, we divided into subgroups & we visited individually to houses where we explained about importance of hygiene & health to the people. We also explained them about importance of female education in today's world.

Some of our students gave importance of deaddiction & hazards of addiction to younger generation. During school camp, we found that, many children were suffering from nutritional anemia. For this reason, we provided information about home remedies to treat anemia.

After this activity, we all gathered at Maruti mandir where, Miss Sadiksha Jadhav gave a beautiful speech on cleanliness.

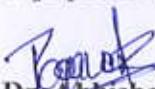

Her speech includes following points---

- A] Health & hygiene
- B] Importance of keeping environment clean
- C] Diseases caused by uncleanliness
- D] How to keep surroundings of house neat & clean.

People of this village were patiently listening the speech & watching street play.

Benefits of Speech---

- 1] It helps to keep environment clean.
- 2] It sends an impactful message to everyone in a very short time.
- 3] It is a powerful medium to create social awareness in public.
- 4] Speaking in public boosts our confidence.
- 5] It improves our communication skills.
- 6] People get aware about diseases causes by uncleanliness.
- 7] People will take initiative to clean the environment.
- 8] People will start taking care of themselves & their families.
- 9] As speech is an easy medium to convey social messages to the society.
- 10] Speech will strengthen the bond between public & doctor.
