**NSS 7 DAYS SPECIAL CAMP**

**SECOND DAY ACTIVITY— SURVEY FOR NON COMMUNICABLE DISEASES**

**VENUE— MADAKI JAMB , TALUKA DINDORI, DIST.—NASHIK**

**DATE—19/01/2024**

**DETAILS OF ACTIVITY—**

On the 19<sup>th</sup> January 2024, we went to Madaki Jamb Village. All students are divided into small groups.

Every group had allotted a particular area for the survey. A printed survey form was given to each student. In the survey form , detailed information about the person was mentioned.

In the survey form following things were mentioned—name, age, sex, illiterate or literate, diabetic or nondiabetic, address, mobilr no., hypertensive or non hypertensive, heart disease, Anemic or non anemic ,asthmatic or non asthmatic, history of tuberculosis.

To collect the correct information , student examined with stethoscope for those persons who had history of heart disease. Students checked palms , colour of tongue & conjunctiva for Anaemia .

**BENEFITS OF SURVEY---**

- 1] Major advantage of survey is to gather information from a massive patten size..
- 2] This method is easier to administer.
- 3] Numerous questions can be asked about a subject ,giving extensive flexibility in data analysis.
- 4] It is capable of collecting data from a large number of population.
- 5] Health survey helps to know which areas present numerous issues & make necessary adjustments to correct them.
- 6] Health survey allows medical students to locate risk factors in community.
- 7] Performing health surveys on regular basis is the perfect opportunity for providers to identify short falls in health care facilities they deliver.
- 8] Health survey provide specific information about epidemiological situation, health trends, life habits & utility of health services from patient point of view.
- 9] It is very useful to guide for planning national or regional or local health programmes.
- 10] Public health survey is useful for identifying individual cases for treatment of communicable disease.

## NSS 7 DAYS SPECIAL CAMP DAY SEVEN

### SEVENTH DAY ACTIVITY— SCHOOL HEALTH CHECK UP

VENUE— MADAKI JAMB , TALUKA DINDORI, DIST.—NASHIK

DATE—24/01/2024

#### DETAILS OF ACTIVITY—

On the 24th January 2024, NSS students of 3<sup>rd</sup> yr BHMS from Dhanvantari Homoeopathic Medical College and Hospital & Research Centre, Nashik took free health check at primary school of Madaki Jamb. In morning , we went to school & meet principle of primary school of Madaki Jamb -Mrs. Chaaya Patil.

The camp conducted in school premises. In camp, we examined children from 1<sup>st</sup> std to 7<sup>th</sup> std. In camp, following details were taken—weight, presenting complaints, past history, personal history, family history, clinical examination, diagnosis & advise. We checked 145 children in this health check up.

#### BENEFITS OF GENERAL MEDICAL CAMP ---

- 1] It helps in early identification of skin diseases & addresses them right away.
- 2] It provides free medical advise to needy, poor & unfortunate people & refer them to surgeon if required.
- 3] School health check up if done regularly ,then we can assess the nutritional status of children.
- 4] Many of vitamin deficiency disorders in children can be picked out by such a regular health check up.
- 5] Regular school health check up is very helpful to detect health problems at a very early stage like obesity, anxiety depression.
- 6] It makes a complete medical record which is available to child, parents & school.
- 7] It inculcates the habit of health monitoring in child & helps them to take charge of their health.
- 8] It facilliates the assessment of childs growth & development through the school years.
