**Subject—Regarding activity taken for social awareness about organ donation in the community.**

**Respected sir,**

As per suggestions given by Student Welfare department of MUHS, NSS department of every college has to perform various social activities. So, as per instruction given by Student Welfare department of MUHS, NSS department of DHMC organised an activity regarding social awareness about organ donation.

**Objective of activity** –To create social awareness about organ donation in the community.

**Activity**— NSS students of 3<sup>rd</sup> year from Dhanavantari Homoeopathic Medical College And Hospital & Research Centre, Nashik divided themselves into small groups. Each group was given a particular area for creating social awareness about organ donation. Students told citizens about concept of organ donation, organs which can be donated. Students further explained about benefits of organ donation. All the citizens listened the information given by students with great interest.

Students were guided by Dr. Abhishek Pagare sir. He gave full guidance to students regarding social awareness about organ donation.

Throughout this activity students were enthusiastic.

**BENEFITS OF SOCIAL AWARENESS ABOUT ORGAN DONATION----**

- 1] A single organ donor can save many lives.
- 2] Living organ donation serves as a viable option for liver & kidney transplantation.
- 3] Social awareness about organ donation helps people to inspire about organ donation.
- 4] Social awareness about organ donation can lead to more people becoming as a organ donor.
- 5] Awareness efforts can help to ensure that organ donation systems are more efficient.
- 6] Increase social awareness can lead to more funding & support for research into organ transplantation & related technologies which can further improve outcomes & possibilities.
- 7] Awareness campaigns often involve community outreach which can foster a culture of generosity & solidarity.

• **ORGANS WHICH CAN BE DONATED---**
